Unallocated corporate assets categorized in "Other" consist primarily of cash,

- time deposits and securities for financial and investment activities. 2. The Company has reorganized its operating segments into 8 groups from the beginning of fiscal year ending March 31, 2025, and the Company's segment information for the six months ended September 30, 2023 has been reclassified and restated.
  3. "Gross profit" under the "Urban Development & Infrastructure" for the six months ended September 30, 2024, includes the construction costs estimated to be required for the completion of the Chiyoda Corporation's Golden Pass LNG project. In the previous fiscal year, the Parent estimated and recorded provision for loss on the construction contract in light of the possibility that a partner who jointly operates the project may withdraw from the project. Considering that Chiyoda Corporation's consolidated financial statements for the previous fiscal year had not been approved at the time of the issuance of the Parent's annual financial report for the year ended March 31, 2024, the impact of the provision was included in "Profit (loss) for the year attributable to owners of the Parent" under "Other, Adjustments and Eliminations." For the six months ended September 30, 2024, the impact of the provision for loss on the construction contract estimated at September 30, 2024, was recorded in "Gross profit" under the "Urban Development & Infrastructure," given the approval of Chiyoda Corporation's consolidated financial statements. Accordingly, the provision recorded in the year ended March 31, 2024, has been reversed and the impact of this reversal has been included in "Profit (loss) for the period attributable to owners of the Parent" under "Other, Adjustments and Eliminations."
